19<sup>th</sup> June 2020

Dear Parent / Carer,

Please see the current Zoom timetable below in place for our home learning program. All students have access to at least 1 English, Maths and Science lesson a week, alongside this, there are a number of option subjects that are also offering face to face contact through Zoom lessons.

The Zoom lessons are supported with online lessons that can be found in the students shared area when logging on to the school website. Each subject has its own file and provides power pointed lesson, worksheets or voiceover lessons for students to work through and complete.

Finally, SAM Learning and Maths Watch tasks will continue to be set in order to support and reinforce the learning that is being undertaken.

As a school we are suggesting that students try to complete work in line with their school timetable, e.g. 3 session of Maths a week, 2 session of French etc. When completing the tasks set, it is also helpful that the Learning Journals are completed and sent to the form tutor at the end of the week.

If students are experiencing problems whilst trying to access work they should contact their form tutor.

Many thanks

Aby Dalowsky  
Assistant Headteacher

Zoom Timetable - W/c Monday 22nd June

	Monday	Tuesday	Wednesday	Thursday	Friday
10.00 - 11.00	Y7 Science EF	Y8 Science - JLN  Y10 Physics CD		Y10 Science - CD Sep / Set 1	Y10 Music JW
