To Students and Parents/Guardians,

We have received an unprecedented number of applications to come to Wyke in September 2021, and we want to offer all our applicants the best experience possible in relation to our application and enrolment process.

To help us manage this process for all our prospective students, any applications that we receive **after 15th January 2021 for a September 2021 start** will not be guaranteed a College interview.

Applications will remain open so students can still apply. However, we would encourage any students who apply after this date to ensure that they have applied for another college or post school pathway.

This date **does not include** students who are applying for T Level courses and interviews for these courses will continue as normal.

Students who are interviewed and receive a conditional offer will receive an invitation to our Wyke Start taster event in July, we highly recommend students attend this event.

Students **who apply after the 15th January 2021** and we can't offer an interview to, will be contacted during our enrolment which will begin the week commencing 31st August 2021. At this point advice will be given on place availability (possibly course dependant) and what the next steps will be with their application.

If you have any further questions, please do not hesitate to contact our team by email or by telephone.
