Headteacher – Mr K Rowlands

29th November 2021

Dear Parent/Guardian

Environmental Catering Improvements

To support the environment the academy has taken the decision to discontinue the sale of plastic bottled water at dinner time.

From Tuesday 30th November 2021 fruit infused and chilled water (3 different flavours each day) will be available from self-service dispensers within the canteen. Students choosing water as a drink option, will be able to make unlimited visits to the dispensers, to accompany their meal choice. This option will be included in the £2.30 meal deal offers.

The above mentioned dispensers are additional to the water fountains already provided in school. Water fountains should continue to be used for refreshment during the rest of the day, students will need to bring a re-useable bottle to fill, from home.

I hope you will support the academy in its decision to move to become more environmentally sustainable.

Yours sincerely

Miss J Hodge
Finance and Premises Manager
