Headteacher – Mr K Rowlands

Ref:staffassessment/2022/reportletter/aw

24th March 2022

Dear Parent / Guardian,

Please find enclosed the Spring 2022 academic report for your child. In order to use it to support your child, it is very important that you have a clear understanding of the context and the data used to inform it, as well as what the data means.

We have included data from the previous report including the attitude to learning (please see the additional information to understand the grading), the half-termly assessment percentage score for each subject and the professional predictions from the teachers. Additionally, the mock data has been included - this covers the mock grade achieved and the % of marks gained in this examination. For further information regarding the grades and targets, please refer to the curriculum section of the school website.

This has informed discussions about how well your child is doing and their approach towards their learning. As staff, we have begun to analyse that data and are formulating how best to support your child moving forward. Decisions will be made around bespoke pupil interventions following analysis of this data.

If data is missing or incomplete in the report, this may be due to absence. However, steps will be taken to ensure that assessments will be carried out as soon as possible to address the assessment gaps.

Please go to the following website to confirm receipt of the report, offer feedback and also request a further discussion with a member of staff if required.

<https://forms.office.com/r/dipQUT5fW5>

A copy of this letter will be placed on the school website and sent to parents via text message.

Yours sincerely,

R.C Featherstone
Deputy Headteacher
