Ref: KR/ AW/update

8<sup>th</sup> September, 2023

Dear Parents / Carers,

Update with reference to the use of Reinforced Autoclaved Aerated Concrete.

Further to my correspondence with you earlier in the week, I am writing to confirm that the site survey has now been completed. The outcome of the survey confirmed that there are no identified risks and therefore the school will remain open and business will operate as normal.

Kind regards,

Mr Rowlands
