12th January, 2024

Dear parents / carers,

Please find below information Winterton Town Council have asked us to share with you.

Just a quick reminder of the **Community / Volunteer event on Monday 15th January at 2.30pm and 6.30pm at the Winterton Community Pavilion on Newport Drive.**

This is a public event encouraging community groups and organisations such as yours to work together to make Winterton better.

The Council has ideas on how to make this happen, but it really wants to hear from you.

We are looking at enhancing the environment with a better more cohesive planting scheme and coordinated litter picking areas. (we can provide equipment and plants etc..we just need hands on)

We'd like to expand the uniform hub – the residents have asked for a children's clothing bank and even a prom dress exchange/loans etc. We have the facilities ...just need hands on.

We would really like to expand on the free family event in the summer..again we have the facilities and budget ..just need a few extra hands on..and ideas to make this better.

The list not exhaustive and that's why we'd like to hear from you.

We hope that you will be able to make at least one of the sessions.

Please feel free to pass this email on to any other Community Group or Winterton resident you think may be interested.

If it can entice you in...there will be tea/coffee and biscuits ☺

Sent on behalf of Winterton Town Council
