Dear Parent/Guardian,

During the summer term students in Year 10 have the opportunity to visit local colleges in order to begin to research their post 16 choices.

This year we have 2 taster days, one at John Leggott College and North Lindsey College in which students select and participate in lessons.

At Bishop Burton students take part in a 'Sustainable Futures' half day to see the facilities and subjects available to them and at Wyke we have 40 places for students to attend a tour of the college.

The expectation is that all students will attend John Leggott College, North Lindsey College and Bishop Burton with students selecting if they wish to also visit Wyke.

The dates for these visits are:

Name of College	Date	Duration of Visit	Lunch	Uniform Requirements
